Dear Mr. More:

We would like to thank you for entertaining our guests at our first fundraiser, "Night of Hypnosteria" on February 28, 2009. Since it was our first fundraiser we had many concerns about booking an entertainer but you were very attentive from our initial contact and up until the show. We were very pleased with your professionalism and talent. Your mind games and hypnosis segments were truly original, very entertaining, and amazing. Our event was a huge success and our attendees were very impressed with your routine and interactions with the crowd.

Thank you for your commitment to our event and we look forward to hosting another "Night of Hypnosteria" in the future.

Sincerely,
